

Ambos is a children's wear direct-to-consumer e-commerce brand based in Pompano Beach, Florida. The brand sells gender-neutral playwear children's clothing sized to newborns from seven-year-olds.

The concept of gender-neutral clothing made with easy-care fabrics makes Ambos a unique brand in the market. Our clothes combines comforto and praticality, that's why all our garments are developed with knit fabrics. So, to give our product a uniquewhimsical and fun style, we also designed and custom our prints.

Although we have our warehouse based in Florida our e-commecer will operate in all US states. Even so, we have to keep in mind that Ambos is a new brand in the children's fashion market. Therefore, during our first year we will operate with a low inventory for each garments. In addition, to facilitate our sourcing strategy during this first year our designers will have basic silhouettes.

Ambos will prioritize some important factors when searching for a vendor. These factors are:

- Capability to produce knitwear children's garments.
- To provide flexible policies about minimum order quantity.
- Ability to custom and prints and dye fabrics.
- To provide competitive prices so that we can always maintain our fair pricing policy.

With this requirements in mind, our sourcing strategy will focus on China for raw materials supliers, Brazil and USA for manufactures production.

Ambos' Analysis

Although the moderate prices, The Teg Evans Group is an important partner for Ambos at the moment. In addition to being based in the USA, the company can also provide us with full assistance and security when placing our order and low MOQ. They are also specialized in the safety standards set by the US government for children's clothing. Another benefit of this factory is that because they are located in Los Angeles, we will not have to deal with import and export procedures and bureaucracies.

Ambos' Analysis

Bomme Studion has a viable price ratio. However, this factory works with a high MOQ, as it can be a challenge for Ambos.

Based in the USA, this factory has knowledge about the safety standards set by the US government for children's clothing. Another benefit of this factory is that we won't have to deal with import and export procedures and bureaucracies. Because of its high MOQ, Ambos will produce with Bomme Studio only basic silhouette garments, such as T-shirts, leggings, sweatshirts and other loungewear.

Sourcing- This is the moment when the collection begins, looking for inspirations and themes, as well as participate in trade shows to define colors trends, fabrics trends, textures and trims used in the collection. It is also important to do a competitor analysis to see what they are using in their collections, creating and selling in their store.

Designing- During the design season, we will create the garments, as well as develop the techpacks, analyze the cost quotes and order the first samples.

Place and Order- After analyzing the final costs, It is time to place orders.

Production + Finishigns- In this period, It will start doing the safety tests (ICP), analyzing Prototype and PP Samples at the same time that the raw materials are going to the cut and sew stages. After analyzing the Sales Samples and Top Samples, it will be the moment that we start the process of finishing the products.

Package and Inspections- With the production process and finishing done. It will begin the packing and inspections stage; our garments will be ready and send to s the nearest ports.

Shipping- Although the clothes are made in USA, It still need to reserve up to 4 weeks at our calendar in case of some unforeseen happens.

At the Website Date- As soon as the products arrive at the warehouse, It starts to marketing the new collection and make it available on Ambos' website.
